

David Elliott

My wife, Joy, and I have 2 children: Josh 31 and Katie 24. Joy and I have one granddaughter, Madison Grace. I am of Creek Indian descent and a member of “The Santa Rosa County Creek Indian Tribe”. We live on our family farm which has been in our family for over 120 years. We have a diversified farm consisting of beef cattle, hay and timberland. My family enjoys working in our church where I serve as Pastor. I enjoy spending quality time with my family, outdoor activities which include hunting, fishing, and managing the family farm.

I have thirty-six years of service with the Federal Government and currently serve as the Director of Tribal Relations for the Gulf Coast Ecosystem Restoration Council (GCERC). My goal is to provide an open door policy between the GCERC and the Tribes within the five Gulf States to help develop relationships, communication, collaboration and meaningful consultation, and to build strong government-to-government relationships. It is the vision of the GCERC that these endeavors will help preserve, maintain and enhance the cultural and natural resources of the Tribes and the natural resources of the diverse ecosystems across the Gulf for future generations.

David Elliott, Director of Tribal Relations, 5535 Poarch Road, Atmore Alabama 36502, 1-251-368-0826 office, 1-251-253-8694 cell, david.elliott@restorethegulf.gov
